

Patient Name : SIMON TAYLOR**DOB / Gender :** 8-5-1991 / Male**Mobile No. :** 447939932450**Patient ID :** 74393**Passport No :** 509493702**Departure Location :** UK Resident**Swab Sample Time :** 06/11/2021, 11:51 AM**Reporting Time :** 06/11/2021, 07:43 PM**Vaccination Status :** Second dose**Sample ID :**

007530021

Clinical Comments**Result(s)****RT - PCR SARS CoV - 2 (NEXT DAY)****RT - PCR SARS CoV - 2 (Fit to Fly Certificate)****NEGATIVE****Sample type: Upper respiratory and nasopharyngeal swab**

This result was produced using a direct RT-PCR

Interpretation:The virus that causes Covid -19 is **NOT DETECTED**

This result was produced using a direct RT-PCR. If SARS-CoV-2 (COVID-19) **RNA is NOT DETECTED** in the sample, there is **NO** evidence of current SARS-CoV2 (COVID-19) infection at the time of testing. If you were self-isolating as an international arrival you may stop self-isolating.

****END OF REPORT****

Professor Adrian Wilson
MBBS, BSc (Hons),
FRCS (Tr&Orth)
